# AUGUST SPECIALS

LITTLEFIELD-WYMAN NURSERIES  
11 NORTH ABINGTON, MASS.

Dear Garden Friend:

Is your garden giving you the pleasure you anticipated?

At this season we either pronounce our gardens "perfect successes", or see changes we wish to make.

It is amazing to see what immediate effects a few Evergreens give. Their rich green interesting shapes draw attention, and spots left empty by plants "gone by" are no longer obvious.

This is the Fall Evergreen Planting Season. As we know many of you plan to make changes in your gardens, we are offering, for this month only, a few selected Evergreens at special prices.

Our old customers will see the advantage of adding now while the picture of growing plants is complete. You may make personal selections if you wish.
